

The kiwa logo is positioned in the upper right corner of the image. It consists of the word "kiwa" in a bold, blue, sans-serif font. To the right of the text is a red diamond shape containing a white silhouette of a kiwi bird. The background of the entire image is a close-up, high-angle shot of numerous steel reinforcement bars (rebar) stacked together. The bars are covered in a white, fibrous protective sheath. The ends of the bars are cut and show a blueish-grey metallic surface.

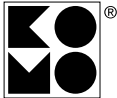

kiwa

Testing, inspection and certification for reinforced steel (and related products)

Make the high quality of your products visible

To get your reinforced steel certified for the worldwide market you can count on us. By using our TIC-services you reduce your time, effort and costs.
