

CERTIFICATION: EQUIPPED FOR THE FUTURE

As an entrepreneur, you guarantee that your products, services, personnel and processes comply with laws and regulations concerning safety, efficiency, control and sustainability. But how can you convince (potential) customers or clients of these good intentions? With a certificate!

WHAT IS CERTIFICATION?

Certification independently confirms characteristics of an object (a product), process, person or organisation. Kiwa's certificates and reports offer reliable, impartial, objective and internationally recognised evidence.
