

Certification

Equipped for the future

As an entrepreneur, you guarantee that your products, services, personnel and processes comply with laws and regulations concerning safety, efficiency, control and sustainability. But how can you convince (potential) customers or clients of these good intentions? With a certificate!

Advantages

What is certification?

Certification independently confirms characteristics of an object (a product), process, person or organisation. Kiwa's certificates and reports offer reliable, impartial, objective and internationally recognised evidence.

What we certify

A product or an aspect of it

Personal skills

Management systems

A design

A process

CE ≠ certification

CE CE marking

Independence

We act as an independent third party when certifying, but we are being approved by the Accreditation Council and European accreditation institutions on a regular basis as well.

The process

You align to a certification scheme or guideline

We audit and verify your systems

We issue your certificate

We continue doing verification audits

We monitor by paying visits

You make sure you continue to meet certification requirements
