Regulatory Alert - Mexico

IFT have re-opened for business

Further to PCS' Regulatory Update issued on 20th September concerning the impact of the earthquake which struck Mexico City, it has now been confirmed that Mexican RF body *Instituto Federal de Telecomunicaciones* (IFT) have re-opened for business.

PCS now expect Type Approval activities to resume as normal – Type Approval Applications can now be submitted and review of applications will resume. PCS do however anticipate small delays due to a backlog of work caused during the closure period.
