Regulatory Alert - Namibia

Increased Type Approval Lead Time

PCS have been informed by the Namibian Regulator, *Communications Regulatory Authority of Namibia* (CRAN), that due to increased workload and staff changes, the lead-time to Approval has increased to 40 working days with immediate effect.

It remains to be seen whether this increased lead-time will be permanent, or just a temporary measure until the workload at the Authority lessens.

PCS are continuing to monitor the situation and will provide any updates as and when any changes occur.

For further information on this Alert, please contact:
