

Regulatory Update - Indonesia

4G / LTE Products – Update to Products Required to Meet Minimum Domestic Content

The Indonesian Government has introduced updates concerning products required to meet the minimum domestic contents (TKDN) for 4G/LTE Products in the country.

PCS understands that ONLY products in the following categories are now required to meet the Domestic Content requirements in Indonesia:

- a. Base Station
- b. Subscriber Station:
 - I. Cellular Phone
 - II. Computer Tablet or Handheld Computer
 - III. Modem WiFi (MiFi) Router

Devices with 4G/LTE technology that does NOT fall under the categories listed above will no longer be required to meet the Domestic Content requirements in Indonesia.
