

Invitation Kiwa Academy Webinar

In January 2023, USDA published a new so-called Final Rule. It is a revision of the regulations of the National Organic Program (NOP). The focus is on the SOE (Strengthening Organic Enforcement). The SOE went into effect on March 20th, 2023. However, there is a 14-month implementation period that began with publication on January 19th, 2023. **The date of full implementation is March 19th, 2024.**

To give you a detailed overview of the Final Rule, Kiwa BCS Öko-Garantie GmbH is offering a **webinar on the new SOE on December 1st, 2023 (09:00a.m. CET)**. In this webinar, the most important changes will be highlighted and topics such as exemptions, NOP import certificates or traceability will be addressed.

The webinar will take place via ClickMeeting webinar software (no software download required).
