With reference to the attached documents, we ask for a Swedish Type Approval Certificate for (product or products name/-s)

.....

.....

for the intended use:.....

.....

In accordance with the general guidelines of the National Board of Housing BFS, 2013:6 TYP 7, any relevant technical documents should be attached as below:

- Product definition – as drawing, recipe if mixture, bill of material and trade name of the product/-s
- Test reports
- Instructions for quality control during production
- Installation-, care- and/or safety instructions for the product in use if needed

In connection with our audit of your documents we will get in contact with you for further information.

Information

When there is a harmonized product specification for this product, and the coexisting period is passed, then the type approval for the product is not a legal document. A harmonized product standard is a type of harmonized technical specification. This will be controlled by Kiwa and communicated to you before any work will commence.
