Cartridges to be used for sanitary tapware: mechanical mixers

TECHNICAL SPECIFICATION

The products mentioned below belong to this certificate:

Type	Article number
D=28 mm	ACART00280
D=28 mm	ACART00280/D
D=35 mm	ACART00350
D=35 mm	ACART00350/D

REMARK

The specified products were not assessed for compliance with all aspects as inserted in the “drinkwaterbesluit” and outlined in the “Regeling materialen en chemicaliën drink- en warm tapwatervoorziening (implemented 19 July 2011)”.

Application and use

The products are intended to be used as part of sanitary tapware as meant in the Kiwa evaluation guideline BRL-K607. The cartridges are designed for use in drinking water installations with a maximum water pressure of 1000 kPa and a maximum water temperature of 90°C.

This certificate does not refer to cartridges which may be sold to consumers directly, to be used as replacement for defective parts.

Marking

The Kiwa®-mark products are marked with the word mark “KIWA”.

Place of the mark: on the body.

Compulsory specifications:

- name or mark of manufacturer, on the body;
- indication of the acoustic group, if classified: on the body;
- indication of the flow rate class, if classified: on the body;

Method of marking:

- non-erasable;
- visible after assembly.

RECOMMENDATIONS FOR CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- Carlo Nobili S.p.A., Rubinetterie
- and, if necessary,
- Kiwa Nederland B.V.

Consult the supplier's processing guidelines for the proper storage and transport methods.
