## Lubricant for rubber ring joints

---

### PRODUCT SPECIFICATION

The products as specified in the table below fulfil the requirements of BRL-K535.

• Griffon P-20
• Griffon Blue Gel

### Fitness for contact with drinking water

This product is approved on the basis of the requirements for hygienic aspects set in the "Regeling materialen en chemicaliën drink- en warm tapwatervoorziening" dated 01-07-2017 ("Materials and chemicals in the supply of drinking water and warm tap water Regulation"); published in the Government Gazette.

These hygienic aspects are based on two main criteria. The product shall permanently comply with:

- The product recipe approved during the assessment procedure. This recipe is not to be changed without prior approval by Kiwa according to the Kiwa approval procedure for the hygienic aspects;
- Specific product requirements for the hygienic aspects.

The recipe and specific product requirements are laid down in the for confidentiality reasons undisclosed 'appendix hygienic aspects' to this certificate.

### MARKING

The following marks and indications must be provided on each product and product packaging in a clear, legible and indelible way:

- The name of manufacturer or the deposited trade mark;
  - Kiwa (of Kiwa®-word mark) and additionally the Kiwa watermark ;
  - Production date or -code;
  - Type number of the lubricant;
  - Materials of the tubes for which the lubricant is usable;
  - The expiry date in an unopened packaging;
  - Necessary precautions to provide a good and safe use;
- A note on the package that points to the corresponding processing instructions is also sufficient.

### APPLICATION AND USE

The lubricant is intended to be applied during mounting of rubber seals in a piping system of:

- concrete;
- asbestos cement;
- cast iron or steel;
- unplasticised polyvinyl chloride (PVC-U);
- polyethylene (PE), polypropylene (PP);
- fiberglass reinforced elastomers (GVK).

### RECOMMENDATIONS FOR CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- Bison International B.V.
- and, if necessary,
- Kiwa Nederland B.V.

Consult the supplier's processing guidelines for the proper storage and transport methods.
