## Bib-taps with integrated vacuum breaker, with or without an insert check valve

This product is approved on the basis of the requirements for hygienic aspects set in the "Regeling materialen en chemicaliën drink- en warm tapwatervoorziening" dated 01-07-2017 ("Materials and chemicals in the supply of drinking water and warm tapwater"), published in the Government Gazette.

These hygienic aspects are based on two main criteria. The product shall permanently comply with:

- The product recipe approved during the assessment procedure. This recipe is not to be changed without prior approval by Kiwa according to the Kiwa approval procedure for the hygienic aspects;
- Specific product requirements for the hygienic aspects.

The recipe and specific product requirements are laid down in the for confidentiality reasons undisclosed appendix hygienic aspects' to this certificate.

#### Application and use

The bib-taps with integrated vacuum breaker, with or without an insert check valve, are designed for drinking water installations with a maximum working pressure of 1000 kPa and a maximum water temperature of 90 °C.

The vacuum breaker and insert check valve are designed as safety devices for the prevention of contamination of the drinking water network.

#### Marking

The products are marked with the wordmark "KIWA", together with the watermark logo and/or the abbreviated word mark "KK". Place of the mark:

- KK: on the headwork.

Compulsory specifications:

- name or mark of the manufacturer, on the body and on the headwork; \*)
- DA, on the body;
- EB, on the body, for taps provided with a check valve.

### Method of marking:

- non-erasable;
- visible after assembly.

### RECOMMENDATIONS FOR CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- IDC Plumbing & Heating Technology (Beijing) Ltd. and, if necessary,
- Kiwa Nederland B.V.

Consult the supplier's processing guidelines for the proper storage and transport methods.

\*) Note: adding the trademark Ain addition to the compulsory specifications is admissible.
