APPROVAL

The products are approved on the basis of the requirements set in the "Regeling materialen en chemicaliën drink- en warm tapwatervoorziening" (Materials and chemicals in the supply of drinking water and warm tap water Regulation; published in the Government Gazette).

CRITERIA HYGIENIC ASPECTS

The product certification is based on two main criteria. It should permanently comply with the:

- product recipe approved during the assessment procedure. This recipe is not to be changed without prior approval by Kiwa following the Kiwa approval procedure related to the hygienic aspects.
- specific product requirements (see "PRODUCT REQUIREMENTS HYGIENIC ASPECTS").

PRODUCT REQUIREMENTS HYGIENIC ASPECTS

After 30 days the maximum tolerable concentration in the drinking water ($MTC_{\text{drinking water}}$) of the following substances or parameters may not exceed the numerical values mentioned behind.

- TOC 2 mg/l.

The remaining valid MTC's are, with respect to confidentiality, laid down in the non-public 'appendix hygienic aspects' to certificate K86366.

APPLICATION AND USE

The elements are used for purification of water intended for human consumption. The producers' guidelines for operation have to be followed.

MARKING

Design of the required Kiwa certification mark:

- "kiwa ", in ink or seal.

Location of the mark:

- On the product or on the packaging or on the delivery receipt.

Mandatory marks:

- "kiwa ";
- "SevenBore" plus type of element as listed under Product specification;
- "K86366".

RECOMMENDATIONS FOR CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

SevenBore membranes and SevenBore membrane filtration elements

If you should reject a product on the basis of the above, please contact:

- IMT Solutions B.V. (Veolia WTS)

and, if necessary,

- Kiwa Nederland B.V.

Consult the supplier's (processing) guidelines for the proper storage and transport methods.

Check whether this certificate is still valid by consulting www.kiwa.nl.
