Application and use

The metal clips with or without lining are designed for fixing copper drinking water pipes.

Hygienic aspects

The specified products were not yet assessed for compliance with all aspects as inserted in the "Drinkwaterbesluit" and outlined in the "Regeling materialen en chemicaliën drink- en warm tapwatervoorziening" (Regulations Materials and Chemicals for Drinking Water Supplies -implemented 19 July 2011) as specified in the Kiwa evaluation guideline BRL-K627.

Marking

The products are marked with the word mark "KIWA".

Place of the mark:

- "KIWA" on the clip

Additional compulsory specifications:

- manufacturer's name or mark, on the clip;
- nominal diameter, on the clip.

Method of marking:

- indelible;
- visible after assembly.

RECOMMENDATIONS FOR CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- Müpro GmbH
and, if necessary,
- Kiwa Nederland B.V.

Consult the supplier's processing guidelines for the proper storage and transport methods.
