Single taps and mixer taps

STATEMENT BY KIWA

With this product certificate, issued in accordance with the Kiwa Regulations for Certification, Kiwa declares that legitimate confidence exists that the products supplied by

Hansgrohe SE

as specified in this product certificate and marked with the Kiwa®-mark in the manner as indicated in this product certificate may, on delivery, be relied upon to comply with Kiwa evaluation guideline

BRL-K652: 2025 "Sanitary tapware; single taps and mixer taps"

which covers the requirements of

NEN-EN200: 2024 Sanitary tapware – Single taps and combination taps (PN10)".

Wim van Loon
Managing Director Nederland

Publication of this certificate is allowed.

Remark

The above listed products were not yet assessed for compliance with all Hygienic Aspects as stated in the Dutch Drinking Water Decree and as outlined in the “Regeling materialen en chemicaliën drink- en warm tapwatervoorziening” (“Regulation on materials and chemicals in drinking water and warm tap water supply), implemented on 01 July 2017, as specified in clause 4.2 of the Kiwa Evaluation guideline BRL-K652/05.

Marking

The Kiwa®-mark products are marked with the word mark “KIWA”.

Place of the mark:

- on the body.

Compulsory specifications:

- name or mark of the manufacturer: on the body;
- indication of the acoustic group, if classified: on the body;
- indication of the flow rate class, if classified: on the body;
- indication for temperature selection.

Single taps and mixer taps

Method of marking:

- non-erasable;
- visible after assembly.

APPLICATION AND USE

The single taps and mixer taps are designed for application within the following limits of use:

- working pressure of maximum 1x0 kPa;
- water temperature of maximum 90°C.

The recommended limits for correct operation are:

- working pressure of 100 kPa up to 500 kPa;
- water temperature of maximum 65°C

RECOMMENDATIONS FOR THE CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- Hansgrohe SE
- and, if necessary,
- Kiwa Nederland B.V.

Consult the supplier's processing guidelines for the proper storage and transport methods.
