

CHN Organic Certification (GB/T 19630)

All entities/ operators who are engaged in organic production or processing and sales activities in the Chinese market must be certified according to the GB/T 19630-2011.

Kiwa BCS Öko-Garantie GmbH is one of the pioneers of the organic movement in Europe, and the CB of embranchment from China, Kiwa BCS China offers inspection and certification according to GB/T 19630-2011 in all areas of organic production.

Why GB/T 19630-2011?

In recent years, China's organic market has become the fourth largest in the world. This provides an exciting opportunity for companies in the food sector. With the CHN certification, a product can be labeled as 'organic' and sold in the Chinese market. All entities/ operators who are engaged in organic production or processing and sales activities in the Chinese market must be certified according to the GB/T 19630-2011.

Kiwa BCS Öko-Garantie GmbH is one of the pioneers of the organic movement in Europe, and the CB of embranchment from China, Kiwa BCS China can offer inspection and certification according to GB/T 19630-2011 in all areas of organic production, including planting (crops, mushroom, wild collection), breeding (livestock and poultry, agriculture) and processing.

What you need to know

The production, processing and handling of organic products for mainland China are regulated by Regulation GB/T 19630-2011. This standard consists of four parts:

- Part 1: (agricultural) Production
- Part 2: Processing

+31 (0)88 998 44 00

- Part 3: Labeling and Marketing
- Part 4: Management Systems

Applicants /operators must ensure that the applied products for certification are listed in the Certification Directory of Organic Products. And this list gets updated from time to time according to the needs of the Chinese market.

Getting certified by Kiwa

Since 1992, Kiwa BCS Öko-Garantie has more than 26 years of experience in organic certification. BCS was the first German certificate to be registered in accordance with the European Union Organic Regulation (EEC 2092/91).
