

RED audits

Kiwa Agri Food is a certifier for the [AIC](#) Renewable Energy Directive (RED) audits. These are usually conducted in conjunction with TASC and UFAS audits.

A participant's certification status in relation to the RED will be shown on the AIC Assurance Checker.

The Renewable Energy Directive sets a target of 20% final energy consumption from renewable sources by 2020.

EU countries have committed to individual renewables targets. The targets vary, however each country is required to have at least 10% of its transport fuels from renewable sources by 2020.

Why book a RED Audit with Kiwa Agri Food?

- RED audits can be conducted in conjunction with TASC and UFAS audits which saves money and time.
- Legal obligation maintained by having annual RED audits
- RED recognition throughout Europe
- Certification status on the AIC Assurance Checker
