

Services for importers and retailers

As importer of products from the Far East you have to face a complicated web of regulations and requirements. Above that, it is crucial for your business that the delivered goods will meet your expected value for money.

Most probably you have experienced more than once that every little event can cause painful delays and costs within the total supply process. With the presence of testing facilities and expertise on the right locations, Kiwa is able to offer you a variety of services, all in order to control and improve the performance of your suppliers and so, to improve your sourcing process!

Especially for retailers and importers Kiwa have developed service packages in those market areas where Kiwa is master in command with over 75 years of experience. These markets are:

- Construction and building products;
- Electrical and electronic products;
- Energy related products and (electrical- / gas-) appliances;
- Sanitary appliances and components.

We will be happy to provide you with any information you might need, so please contact us!
