

## KCs Self-regulatory Safety Check

**Objects of Declaration of Conformity are classified of 3 groups with hazardous machines, protective devices and personal protective equipment.**

### KCs Scheme

It shall be achieved by a company-internal self-certification process. Manufacturers or importers shall indicate that products conform to all safety requirements set out in Labor Notification.

#### **Hazardous Machinery (11 items)**

- Grinding machine
- Industrial Robots
- Mixer, Crusher
- Food processing machine (Mincing machine, cutter, mixer, noodle machine)
- Conveyor
- Vehicle lift
- Machine tools (Lathe, Drilling machine, Planer, Slotting machine, Milling machine)
- Fixed wood processing machine (Circular sawing machine, Wood planning machine, Router, Band sawing machine, chamfering machine)
- Printing machine
- Chamber

#### **Protective devices (8 species)**

**Kiwa N.V.**  
info@kiwa.nl  
+31 (0)88 998 44 00

- Circuit breaker for acetylene welding system or gas gathering welding equipment
- Automatic voltage reducing device for AC arc welding machine
- Emergency stop device for roller
- Grinding machine cover
- Round saw reaction proof device for wood process and preventive device for blade touch
- Blade touch prevention device for electric manual plane
- Industrial robot safety mat
- Temporary equipment and materials

### **Personal Protective Equipment (4 items)**

- Safety helmet (excluding safety helmets which are subject for obligatory safety certification)
- Safety goggle (excluding safety goggles which are subject for obligatory safety certification)
- Face shield (excluding face shields which are subject for obligatory safety certification)
- Diving apparatus (including diving helmet and diving mask)

### **Exclusion of Self-regulatory Safety Check**

- In case certified S-Mark safety certification
- In case the purposes of manufacture are research, development
- In case the products conform to other certification or requirements set out in Labor Notification

### **Documents of Self-regulatory Safety Check**

- In case the products conform to other certification or requirements set out in Labor Notification Declaration of Self-regulatory Safety Check
- In case the products conform to other certification or requirements set out in Labor Notification Instructions of product
- In case the products conform to other certification or requirements set out in Labor Notification documents showing conformity of all safety requirements such as test report etc.
- In case the products conform to other certification or requirements set out in Labor Notification Business Registration Certificate
