

## Animal Feed Safety Training

**Our Feed Safety training course provides an understanding of animal feed safety as well as the safety of combinable crops destined for feed/food manufacturing.**

**Training is delivered within Quality Management Systems, HACCP, Internal auditing and record keeping procedures. It also meets the requirements of feed safety schemes and feed safety legislation.**

### Training information

This training opportunity is designed to update operational staff on animal feed/food safety issues, feed/food safety schemes and their roles and responsibilities within the business. This enhanced understanding will allow staff to become more efficient in their working practices, and reduce the occurrences of complaints and claims.

We are now also offering this course online remotely so that you can train from the comfort of your home or office. If you have a larger group who would like to attend then we would be happy to organise this training privately for your site. Please get in touch with our training team if you would like to hear more.

## Practical information

At the end of the course, staff will have gained a detailed knowledge of the background and the reasoning for the scheme requirements, and a deeper understanding of the relationships between the feed/food safety assurance schemes. Staff will have a thorough knowledge of the assessment process, and the actions that are required to address any non-conformances.

The syllabus includes **Management Controls; Risk Assessment (HACCP); Operational Control; Pest Control; Calibrations; Analysis; Personnel; Complaints & Recall; Internal Audit & Traceability.**

A training certificate is awarded to delegates which meets animal feed/food safety scheme requirements for training records.

Our animal feed safety training courses are delivered by feed/food safety professionals with expertise in farm management, animal feed manufacture and quality control as well as assessment in food, feed & farm sectors.

## Dates & locations

Training can be delivered at Kiwa's Training Centres in Harrogate and Cheltenham or on your premises.
