## **Assessment program BRL-K910**

| Certificatie scheme(s)            | BRL-K910/01 "Leak detection systems" dated 1-10-2002, amendment sheets dated 1-10-2010 and 1-9-2015 |
|-----------------------------------|---|
| Scope                             | Leak detection systems  |
| Regulation(s)                     | Kiwa Regulation for certification   |
| Frequency of external inspections | The number of visits for BRL-K910 is 2 audits a year.   |

| Requirements   | Initial | Frequency  | Visit1 | Visit 2 | Visit 3     | Visit 4     | Visit 5     |
|--|---------|------------|--------|---------|-------------|-------------|-------------|
| Product requirements                                       |         | _          |        |         | _           |             |             |
| Document review (mandatory at initial inspection)          |         | Gen.       | X      |         | ><          | $\geq \leq$ | $>\!\!<$    |
| Implementation (mandatory at initial inspection)           |         | Gen.       | Χ      |         | ><          | $>\!\!<$    | $>\!\!<$    |
| General product requirements (design)                      |         | By changes | Х      |         |             | $\times$    | $\times$    |
| Process requirements – incoming goods                      |         | e.v.       | Х      |         | >           | $\langle$   | $>\!\!<$    |
| Process – process control                                  |         | 1x/y.      | Х      |         | ><          | ><          | ><          |
| Product control – testing                                  |         | 1x/y.      | Χ      |         | ><          | > <         | $>\!\!<$    |
| Identification   |         | 1x/y.      | Х      |         | ><          | > <         | ><          |
| Requirements to be met by the quality system               |         |            |        |         |             |             |             |
| Quality system / Internal quality assurance, quality plan  |         | e.v.       | Х      | Х       | ><          | > <         | ><          |
| Procedures and work instructions                           |         | e.v.       | Χ      | Х       | ><          | >           | $>\!\!<$    |
| Procedure for customer complaints / Handling of complaints | X       | e.v.       | Х      | Х       | ><          | $\geq \leq$ | ><          |
| Products with deviations                                   | X       | e.v.       | Х      | Х       | ><          | $\geq \leq$ | ><          |
| Corrective actions   |         | e.v.       | X      | Х       | $\geq \leq$ | $\geq \leq$ | $\geq \leq$ |
| Other quality requirements                                 |         | e.v.       | Х      | Х       | > <         | $\geq \leq$ | > <         |
| Measurement equipment / calibration                        |         | e.v.       | X      | X       | > <         | > <         | > <         |
| Others   |         |            |        |         |             |             |             |
| Use of Kiwa logos and marks                                |         | 1x/y.      | Х      |         | ><          | ><          | $>\!\!<$    |

## Remarks:

• e.v. = every visit.
