

Declarations of interest of top-level management

We as the top-level management of Sertio Oy, a European Notified Body designated under Regulation (EU) 2017/746 on *in vitro* diagnostic medical devices (IVDR), declare that we or our close relatives do not own shares of IVD medical devices manufacturers or other economic operators in the IVD industry.

Sertio Oy does not offer consulting services to manufacturers in the IVD business.

The level of remuneration of the top-level management and assessment personnel of the notified body and of any subcontractors does not depend on the results of the assessments.

As a Notified Body, we perform all our conformity assessment activities as an independent, impartial and objective third party. In order to ensure independence, impartiality and objectiveness, we provide conformity assessment services under the scope of IVDR to all interested customers only after submission of an application for conformity assessment. We have mechanisms in place to ensure that impartiality is not compromised by any commercial, financial or private interests. Conformity assessment process and certification decision process is transparent to supervising competent authority.

Sertio Oy hereby makes the declaration of interest of its top-level management publicly available.
