

Kiwa quality mark for COVID-19 Preventive measures

The COVID-19 coronavirus outbreak has major consequences worldwide for the way people work, recreate and organize their social lives. After the complete or partial lockdowns of spring 2020, organizations are gradually starting up again, looking for opportunities to continue operations within the guidelines. Kiwa's quality mark for COVID-19 Preventive measures helps in this respect. Is your organization located in the United States of America, [request your quote with ABS Group](#).

The Kiwa quality mark for COVID-19 Preventive measures is intended for organizations that wish to have their COVID-19 measures tested against the applicable (inter)national requirements and any additional sector or company guidelines. Within the framework of the quality mark, Kiwa periodically carries out an assessment in which the protocols and preventive measures of an organization are checked. If the organization's policy to limit the spread of the COVID-19 virus complies with the applicable guidelines, this will result in a Kiwa declaration of conformity and quality mark.

Because the Kiwa COVID-19 quality mark is based on the same structure as international ISO standards, it can be perfectly combined with other management systems. The Kiwa quality mark for COVID-19 Preventive measures is of added value for virtually any organization: from hotels, shops, gyms, museums and other (public) institutions to cleaning companies, hospitals, nursing homes, etc.

The Kiwa quality mark for COVID-19 preventive measures is also available for cafés and restaurants in specific. Read more about this on [the page COVID-19 preventive measures quality mark for the hospitality sector](#).
